TESTIMONIAL

Re:Friend

I am doing very well.

Jenifer and I met this weekend and spend 12 hours talking/eating out. We had so much fun and it was wonderful to support each other and talk to each other.

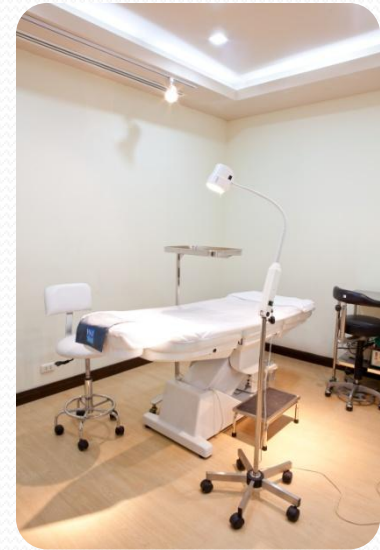

You may want to let other patients know about the great business that are in the tower on the 1st floor where the Japanese Restaurant and Siam Bank are. I had a wonderful time today getting my hair cut and dyed. I enjoyed spending time in a coffee shop there.

I am very grateful to PAI for the great job you did for my surgery and my care on this trip to Thailand.

Please feel free to use my email to anyone you wish.

Thank you.
Denise
